## **A bit about us**

### **Rob Herry:**

G'day! I'm Rob. I consider myself a bit of a character and very outgoing. I have been working in disability for six years as a support worker and a Team Leader. I also have real life experience of almost twelve years, with one of my daughters having a disability. I have an in depth knowledge of the NDIS and the NDIA.

I have my Cert IV in Disability as well as WWCC, NDIS workers clearance, police checks, NDIS modules, First Aid and CPR.

My great friend Jill and I have now joined forces to make a difference in People's lives, something we both believe in and are passionate about.

## **Jill Cole:**

Hi,

My name is Jill, I have been working in Disability for 7 years as a support worker and a Team Leader. My passion is to care for others and to assist achieving goals no matter how small or big the goal is. I am passionate about this field and very active and outgoing.

I have great organisational skills, communication and active listening skills. I am patient, supportive and I am very respectful and will maintain confidentiality.

I also have over 10 years experience teaching Karate from ages 4 and up and would also love to be able to offer my services for Karate classes as either 1:1 or in a small group setting, this is a class that would be taylor made to the individual depending on needs eg. Self confidence, coordination and self defense just to name a few.
