

Early Years: The Past - School in the 1800's

Early Years Students got a taste of school life in the 1800's on our excursion to Flagstaff Hill. Students used soap stone to write on slate boards, looked at the feathers to dip in ink when they get their pen licences and dressed up in period garb for the occasion!

Later Years: The Present - Wellbeing Activities for the Now!

Later Years Students held an open day to invite the community in for some Wellbeing activities, an essential element that we must all learn to share and support each other with in our present time!

Later Years open day

Wednesday 25th May I saw Margie at Later Years open day.

Hampden Specialist School, invited parents and friends to Later Years for some wellbeing actives.

I ate some cupcakes. I played guess who.

I also made a stress ball.

I had a lot of fun.

Later Years Open Day

Wednesday 25th May, Parents and friends came to school to have a Wellness afternoon.

This week we are learning about education week. We chose to celebrate our learning with a wellbeing afternoon.

We invited parents in to learn how to have fun and use meditation sensory games relax board, enjoy games and cupcakes. We also made stress balls and did some colouring in.

Middle Years: The Future - What will our school look like in the future?

Middle Years Students put on their thinking hats to consider what the future might hold for our school. They came up with some awesome ideas, definitely food for thought and an indication that we may have some up and coming architects in our school.

Check out the awesome video about their ideas on the Hampden Specialist School website!
